

**NOMINATION FORM  
FOR ROYAL SOCIETY OF NEW SOUTH WALES  
DISCIPLINE AWARDS AND LECTURESHIPS**

The Royal Society of NSW Discipline Awards recognise distinguished research in an array of disciplines that has been conducted mainly in New South Wales. They are made in a three-yearly cycle, Years A, B and C, with Year A Awards commencing in 2023, Year B in 2024 and Year C in 2025.

Where appropriate, Discipline Awards may recognise teams as well as individuals. Nominators are welcome to consult the Society for guidance before making a team nomination, noting that for a medal, only one physical medal is presented. For Awards with Lectureships, winners are expected to submit their Lecture for publication in the Society's Journal.

For Awards without Lectureships, winners are invited to submit a review or other article about their work to the Society's Journal.

Nominations for all available Awards open on 1 July each year and close on 30 September. Awardees are announced by the end of that calendar year with formal presentations of their Awards in the following year. All nominations require a nominator and a seconder who need not be Members of the Society. Recipients may be resident in Australia or elsewhere and shall not have won a previous RSNSW Discipline Award for their work in the same discipline. All Awards are assessed relative to opportunity.

Each nomination must comply with the conditions of award and will consist of a completed nomination form together with supporting documentation as specified on the form.

To submit a Nomination, please add a 100 word summary, the required curriculum vitae, and two letters of nomination and support (max 2 pages each). Please combine the components into a single PDF and email to [awards-nominations@royalsoc.org.au](mailto:awards-nominations@royalsoc.org.au) by 30th September in the year of nomination.

## **YEAR C AWARDS**

### **Royal Society of NSW Liversidge Award and Lectureship in the Chemical Sciences**

Awarded for distinguished research in any area of the Chemical Sciences, conducted mainly in New South Wales. Recipients may be resident in Australia or elsewhere.

The Liversidge Lectureship was established in 1931 by the Royal Society of NSW in conjunction with the Royal Australian Chemical Institute (RACI), in honour of Archibald Liversidge MA LL D FRS, Professor of Chemistry at The University of Sydney (1874-1907), and one of the Society's Council members who sponsored its Act of Incorporation in 1881. In 2023, Council designated it the Royal Society of NSW Liversidge Award and Lectureship.

### **Royal Society of NSW Warren Award in Engineering, Technology, Architecture and Design**

Awarded for distinguished research in any area of Engineering, Technology, Architecture and Design, conducted mainly in New South Wales. Recipients may be resident in Australia or elsewhere.

The Warren Award honours William Henry Warren, Foundation Professor of Engineering at The University of Sydney, establishing the first faculty of engineering in New South Wales in 1884. He was founding President of the Institution of Engineers, Australia, and twice President of the Royal Society of NSW. The Warren Prize (then medal) was first awarded in 2020 and in 2023 Council designated it the Royal Society of NSW Warren Award.

### **Royal Society of NSW Award in the Creative and Performing Arts**

Awarded for distinguished research in any area of the Creative Arts and/or Performance, conducted mainly in New South Wales. Recipients may be resident in Australia or elsewhere.

Council established the Royal Society of NSW Creative and Performing Arts Award in 2023 to reflect the full scope of the Society's founding values.

### **Royal Society of NSW Award in the Life Sciences**

Awarded for distinguished research in any area of the Life Sciences, excluding veterinary and medical sciences, conducted mainly in New South Wales. Recipients may be resident in Australia or elsewhere.

Council established the Royal Society of NSW Life Sciences Award in 2023 to reflect the full scope of the Society's founding values.
